In order for the switch to be processed a switch instruction form must be completed in full and submitted to the Administrator.

The cash portion of the Benefit will be reduced by any tax that may be payable as determined by SARS.

6. What we do for you?

The Administrator is responsible for processing your instructions and will only do so once a complete and correct instruction is received along with any required supporting documentation, including transferring fund requirements and a tax directive from SARS where applicable.

6.1 Allocate Bank Interest

Bank interest earned in the designated fund bank account on deposits for your investment account will be added to the investment amount should the monies remain in the bank account for more than a day. No interest is payable to Members in relation to monies in transit during the processing of a switch instruction, provided that stipulated time standards within the Portfolio Supplement(s) are adhered to.

6.2 Recurring Debit Orders

Recurring debit orders are processed monthly on the 1st or the 20th day of each month, as indicated by the Member on the Member application. If the 1st or the 20th does not fall on a business day, the debit order will be processed on the following business day.

The monies will only be invested once they have been debited and reflect in the bank account of the Fund, typically one business day after the debit date.

The Administrator must receive an instruction to cancel or amend a recurring debit order by 14h00 on the 10th of the month for debit orders due to be processed on the 20th and by 14h00 on the 25th of the month for debit orders to be processed on the 1st. Any instructions received subsequent to this will be processed after that month's debit order has taken place.

Examples of these highlighted below:

75% exposure to equities

50% exposure to non-government debt instruments

Each Portfolio offered by the Fund will comply with the above limits, and the Administrator may change your Portfolio selection should your investment account no longer comply with the guidelines.

6.4 Act with honesty and integrity

The Fund and the Administrator will act with due care, diligence, honesty, fairness and integrity in all dealings with you.

6.5 Accept, suspend, delay or reject your instructions

The Administrator may accept, suspend, delay or reject your application or any subsequent instructions on behalf of the Fund. A transaction may also be reversed if the Administrator, on behalf of the Fund, believes the circumstances substantiate it.

The Administrator and the Fund are insured against fraud and negligent or dishonest behaviour.

7. What we don't do?

7.1 Financial Advice

The Administrator does not provide financial advice.

We may only give you information about our investment products (of a factual or administrative nature) and we may not give you advice on whether any of the investment products we offer is suitable for your risk profile and investments needs.

You must not rely on any written, spoken or implied communication from us as investment advice, or recommendation to invest in or change your investment.

By selecting one of our investment products, you make an independent decision to enter into an investment which meets your financial and investment needs, whether those needs have been identified using your own judgment or through financial advisors. We have in no way, be it written, spoken or implied, recommended your choice of investment and the information and explanations relating to the terms of your investment are in no way to be considered investment advice.

In making your investment choice, we are indemnified and held harmless against any claim which may arise when you conduct business telephonically, by way of facsimile or via online services, including email. We will take any and all deemed and necessary security precautions to ensure that you can proceed with your chosen investment application.

7.2. Guarantees

We do not provide a guarantee on the investment value of your investment nor do we guarantee the performance of them.

The market value of investments may fluctuate, and past performance is not necessarily a guide to the future. Your investments are generally medium to long term investments. You carry the investment and market risk which may include the possibility of losing capital.

7.3. Losses incurred

By submitting an investment application or instruction to the Administrator, you accept the risks associated with email or fax communication and understand that the Administrator shall not be liable for all and any losses that you may incur, in the event that the Administrator has not received your communication, whether due to the failure, malfunction or delay of any networks or electronic or mechanical device or otherwise. The Administrator will not be liable to make good or compensate you or any third party for any damages, losses, claims or expenses resulting from undelivered communication.

Other losses that the Administrator will not be responsible for are as follows:

- Any changes in tax or other legislation.
- The investment or market risk of the underlying investments.
- Financial Advisors acting beyond the scope of their FSCA license.
- If an unauthorised instruction is received from your appointed Financial Advisor.
- Providing your Financial Advisor with details about your investment whether via telephone, fax, email or via the dedicated web front end secured investment portal.
- Acting on information that is outdated or incorrect where you have failed to notify us of any changes to your information.
- We do not accept responsibility for delays in processing instructions as a result of extraordinary events that cause disruptions.
- We will carry out instructions at the earliest possible opportunity subject to legislation and our administration procedures and Portfolio limitations.
- The delayed sale of some or all of your investment due to ring-fencing. 'Ring-fencing' is the separation and delayed sale of units in a Portfolio. It is caused by the large sale of units above a certain threshold in a Portfolio. Ring-fencing makes sure that the sale of a large number of units will not force the Manager to sell the underlying assets at a price which could negatively affect Members in the Portfolio. We may delay the payment or reinvestment of the proceeds of the sale of units.
- We are duly authorised to accept instructions by facsimile or email and you accordingly waive any claim you may have against us and indemnify us against any loss incurred as a result of our receiving and/or acting upon such communication.
- We will not be held responsible for any failure, malfunction or delay of any networks or electronic or mechanical device or any other form of communication used in the submission, acceptance and processing of application and/or transactions. We will not be liable to make good or compensate any Member or third party for any damages (whether direct or consequential), losses, claims or expenses resulting there from.

8. What Fees and Charges do you pay?

There are different types of fees that are levied on your investment that will reduce the underlying value of your investment.

The fees are different across the range of Portfolios as well as the class of Portfolio. Therefore the Portfolio and class of Portfolio you choose will determine the ultimate fees that you pay.

All fees and charges applicable to your elected investment Portfolios can be found in the in the Portfolio's Minimum Disclosure Document.

The types of fees that could be levied are as follows:

8.1 Initial Management Fee

Certain managers may charge an initial fee on your selected Portfolio(s) within your investment account. These fees will be charged when you invest into the Portfolio or when you switch into the Portfolio.

8.2 Financial Advisor Initial Fee

If you and your Financial Advisor agree to a financial advisor initial fee, as indicated in the application or any other written communication accepted by the Administrator, the agreed amount will be deducted from the investment before the investment is made.

A maximum fee of 3% excluding VAT applies.

8.3 Annual Administration Fee

The annual administration fee will be dependent on your Portfolio selection.

The fee is levied monthly in arrears by deducting units from your underlying holdings to the value of the fee owed. The fee is deducted proportionally from the Portfolios held within your investment unless you have an expense account.

8.4 Financial Advisor Annual Fee

If you and your Financial Advisor agree to a financial advisor annual fee, as indicated in the application or any other written communication accepted by the Administrator, we will deduct this fee and pay it over to your Financial Advisor. A maximum fee of 1% excluding VAT applies. The fee is calculated daily and levied monthly in arrears by deducting units from your underlying Portfolios within your investment account to the value of the fee owed. Financial advisor annual fees owed will also be deducted before the proceeds of a withdrawal or transfer instruction are paid out. The fee is deducted proportionally from the underlying Portfolios within your Investment Account.

Legislation requires that the financial advisor annual fee is reviewed and agreed annually by the Member for any investment transferred to the Fund via a Section 14 transfer from another retirement annuity fund.

8.5 Switching Fee

No fees are charged when you switch between investment/model portfolios.

8.6 Value Added Tax

Where appropriate, VAT will be added to the fees or charges on your investment.

8.7 Reporting of Fees

Your investment statement will show the fees that are charged on your investment, except for the annual management fees mentioned above that are included in the unit price of the Portfolios.

8.8 Portfolio Management and Transaction Costs

Managers charge annual management fees, which are incorporated into the daily unit price of the Portfolio. These fees vary across the range of Portfolios as well as the class of Portfolio, therefore the Portfolio you choose will determine the fees which you incur.

All fees and charges applicable to your selected Portfolio(s) can be found in the applicable Portfolio Supplement(s) and/or MDD(s).

8.9 Fund Expenses

Fund expenses not directly related to the administration of your investment such as audit or valuation fees will be recovered from your Investment Account.

In accordance with Section 37 of the Pension Funds Act, the trustees have full discretion to award the death Benefit as they feel appropriate. Dependents will be given preference when allocating the Benefit in accordance with legislation, after which nominated beneficiaries and your estate will be considered.

The death Benefit is the value of your investment, less any applicable charges or fees, at the time of finalising your death claim.
